INDEX TO THE FIFTY-FIFTH VOLUME.

- Abscess, after confinement, 337; of liver, opening into right lung, 525
 Account book, for physicians, 46
 Acne rosacea, treatment for, 236
 Addison, on the Supra Renal Capsules, 133, 158, 178
 Agnew's (Dr. D. Hayes) Practical Anatomy, critical notice of, 251
 Aid for indigent and infirm or disabled practitioners, 254
 Air and exercise, importance of, 233
 Air-breathing animals in the human stomach, 60
 Air-passages, foreign body in, 56
 Air-tractor, real inventor of, 396
 Albinos, 336
 Albuminuria, lesions of the kidney connected with, 502
 Alexander, Dr. R. M. Antimony in rigidity of the os uteri, 55
 Alkaline medicines, action of on the urine, 373
 Allen's (Dr. J. M.) Practical Anatomist, critical notice of, 429
 Allen, Dr. Nathan. Health of factory operatives, 342
 Alveolus, trephining an, 428
 American Medical Journals, 150
 American Medical Association, critical notice of Transactions of, 388
 American Pharmaceutical Association, 151
 Amputation, of thigh, 247; of both legs, 355; at the shoulder-joint, 404; of the finger by a finger-ring, 447
 Anæmia of children, Prof. Mauthner on, 257
 Aneurism, of ascending aorta, 164, 528, 529; with contraction of the pupil, 236
 Animal temperature, experimental investigations on, 446
 Antimony, case of suicide by, 400; effect of tartrate of, in facilitating labor, 505
 Aorta, aneurism of, 164, 528, 529
 Architecture and sanitary improvement, 394
 Asphyxia, treatment of, 182, 184
 Barker, Dr. T. Herbert, on cystic entozoa in the human kidney, critical notice of, 431
 Barton, Dr. E. H., on yellow fever, 432
 Beck's (Dr. John B.) Lectures on Materia Medica and Therapeutics, critical notice of, 191
 Bedford's (Dr. Gunning S.) Clinical Lectures on Diseases of Women and Children, critical notice of, 430
 Belladonna, poisoning from, 468; as a prophylactic in scarlatina, 411
 Belladonna plaster, poisoning from, 451
 Bell, Dr. Luther V. Restoration of the asphyxiated, 182
 Bennett's (Dr. James Henry) Review of the present state of uterine pathology, critical notice of, 189
 Benzoin, in treatment of chronic dysentery, 256
 Bigelow, Dr. Jacob. Case of vomiting, of forty years duration, 261
 Bird's nests, edible, 236
 Births in Suffolk County, 83
 Bladder, cancer of, 311, 512; encephaloid disease of, 526; prolapse of, 509
 Blake, Dr. J. H. Medical cases, 509
 Blake, Dr. J. M. Ligature of the sub-clavian artery, 522
 Blatchford, Dr. Thomas W. Resuscitation after submersion, 184
 Bouney, Dr. F. Post-mortem examination of an epileptic patient, 401
 Boston Dispensary, 26, 130, 535
 Boston Society for Medical Improvement, 39, 79, 122, 164, 226, 265, 311, 329, 350, 364, 385, 407, 447, 469, 509, 525
 Boston Medical and Surgical Journal, origin of, 415
 Bowditch, Dr. Henry I. Raw pork as an aliment, 497
 Bowman's (John E.) Introduction to Practical Chemistry, critical notice of, 271
 Breast, glandular hypertrophy of, 39; fibroplastic tumors of, 40

- Breech of gun extracted from superior maxilla, after a lodgment of 8 years, 311
- Bromide of potassium, anaphrodisiac property of, 68
- Bromine as specific in pseudo-membranous affections, 236
- Bronchus, effect of closure of on the lung, 357, 380
- Brown, Dr. J. W. Case of amputation of the thigh, 247
- Brown-Séquard, Dr. E. Experimental and clinical researches, applied to physiology and pathology, 337, 377, 421, 457
- Buckingham, Dr. C. E. Cases of puerperal disease and peritonitis, 31; case of polypus uteri, successfully terminated without operation, 277; case of excessive salivation during pregnancy, 397
- Cæsarean section, successful case of, 48
- California, Medical Convention, and Society of, 167
- Calomel, topical use of, in fistula in ano, 276
- Camphor, as an antidote to strychnia, 536
- Cancer of liver and stomach, 83; of lung, pericardium and heart, 186; of the bladder, 311, 512
- Carbon, deposit of, in the inguinal glands of a tattooed subject, 447
- Carbonic acid, effect of on the gravid uterus, 374
- Catamenia and mammary secretion during pregnancy, 508
- Catheter, new method of passing, 453
- Cauliflower excrescence, 286, 288
- Cauterization of cervix uteri, severe effects of, 33, 35
- Caustic for naevus, 516
- Chalk ointment, Spender's, 336
- Channing, Dr. Walter. Cases of hydro-sis and of ovarian disease, 477
- Chloroform, advantages of as an anæsthetic, 329; poisoning from swallowing, 336; use of in croup, 516
- Cholera, ravages of, 193
- Cholera infantum, a few words on, by M. Trousseau, 74
- Churchill's (Dr. Fleetwood) Diseases of Infants and Children, critical notice of, 147, 252
- Cincinnati, health of, 236
- Circumcision, as preventive of syphilis, 77; new mode of performing, 214; death from, 436
- Cirrhosis of the liver, 222, 226
- Clapp, Dr. S. Successful removal of the uterus, 437
- Clarke's (Dr. E. H.) Introductory lecture, critical notice of, 532
- Clay's (Dr. Charles) Complete Hand-book of Obstetric Surgery, review of, 281
- Coale, Dr. Wm. Ed. Case of intestinal disease, 197
- Collins, Dr. G. L. Tracheo-bronchial croup, in an adult, 9
- Colloid disease of stomach, 166
- Conception following the administration of guaiacum, 172
- Consanguinity, influence of on offspring, 332
- Consumption vs. constipation, 291; effect of the sun's rays in, 256
- Convulsions, of children, 466; etherization in puerperal, 336, 510; after vaccination, 165
- Copper, supposed poisoning by, 124
- Coroner's bills and medical coroners, 534
- Coventry, Dr. C. B. Placenta prævia, with twins, 403
- Crania, comparative anatomy of, 314
- Croup, in an adult, 9; treatment of, 349; sulphate of copper in, 414; diminished frequency of, 456; use of chloroform in, 516
- Cutter, Dr. Ephraim. Case of empyema, treated by thoracentesis, 200
- Cyanide of potassium, poisoning by, 387
- Cysticercus cellulosus, 387
- Cystic tumors, 470; of the fore-arm, 319
- Deafness, etiology of congenital, 27
- Death following delivery, 360
- Deformity of child from cohesion with placenta, 205
- Dental profession, public meeting of, 316
- Dentition, effects of on nursing children, 15
- Dickson's (Dr. Samuel Henry) Lecture before the Medical College of South Carolina, critical notice of, 530
- Digitalis, effects of on the generative organs, 152
- Dislocation, incomplete tibio-tarsal, forwards, 36
- Dispensaries in New York, 48
- Doggett, Dr. Perez F. Amputation at the shoulder-joint, 404
- Draper's (Dr. J. W.) Human Physiology, review of, 237
- Dress, hygiene of, 105, 392
- Drowned, Marshall Hall's rules for restoring, 152
- Drug trade, abuses in, 65
- Dubois, Dr. James, death of, 172
- Dunglison's (Dr. Robley) New Remedies, critical notice of, 23; Human Physiology, critical notice of, 146
- Dysentery, treatment of chronic, by ben-zoin, 256
- Ear, intoxication of, 294
- Eczema, 427
- Education, influence of on the duration of life, 195
- Ellis, Dr. Calvin. Inflammation and abscesses of the lung, from closure of the primary bronchus, 357, 380; case of suicide by antimony, 400

- Elbow-joint, excision of, 12, 122; compound comminuted fracture of, 521
 Eriopyema, treated by thoracentesis, 200
 Encephaloid disease of the stomach, 79; of the thigh, 321; of the bladder, 526
 Epilepsia laryngæ, treated by tracheotomy, 131
 Epilepsy, 336, 377, 421, 457; infantile, 310; post-mortem examination in a case of, 401
 Erectile tumor of the fore-arm, 323
 Ergot and borax, indications for, 68
 Erysipelas, Velpeau's treatment of, 28; local applications in the treatment of, 262; phlegmonous, of the leg, 527
 Etherization in nervous or vital shock, 140; in puerperal convulsions, 336, 510
 Ethnology, new work on, 516
 Europe, four months in, 116
 Eustis-Street Charitable Dispensary, 314
 Excision of elbow-joint, 12, 122
 Experimental and clinical researches applied to physiology and pathology, 337, 377, 421, 457
 Extra-uterine fertilization, 413
 Eye, melanosis of, 470
 Eyes, congenital absence of, 107
 False membrane, passed per anum, 203
 Fast living, 454
 Fat, as a preventive of consumption, 232
 Fatty tumor of the thigh, 297
 Fearing, Dr. E. P. Extraction of needles from the human body, 29
 Fees, medical, 476
 Female physis in America, 416
 Femur, partial fracture of neck of, 351; impacted fracture of neck of, 364; fracture of neck of within the capsule, 364
 Fever, unusual case of, 509
 Fibro-plastic tumor over the scapula, 385
 Fissure of the palate, operations for the cure of, 119, 142
 Fistula in ano, topical use of calomel in, 276
 Fistula of intestine, opening into the groin, 506
 Flooding, fatal case of, 465
 Fœtus, influence of the mother's mind on, 85
 Folk lore, cure for measles, 456
 Folsom, Dr. N. L. Case of melanosis, and of false membrane passed per anum, 205
 Foreign body in the bladder, 476
 Fracture, partial, of neck of femur, 351; impacted, of neck of femur, 364; of neck of femur within the capsule, 364; compound, comminuted, of elbow, 521
 Fractures, phosphate of lime in, 19
 Fund for the poor doctor, 353
 Gallard (Dr. T.) on Peri-uterine Hematocele, critical notice of, 269
 Gardner's (Dr. A. K.) Causes and curative treatment of Sterility, critical notice of, 22
 Gay, Dr. George H. Case of large fatty tumor of the left thigh, 297; cystic tumor of the fore-arm, 319; encephaloid disease of the thigh, 321; venous erectile tumor of the fore-arm, 323
 Glucosuria of nursing women, 452
 Glycerine, use of, 356; and tannin in vaginitis, 356
 Gonorrhœa, treatment of by injections of copaiba, 376
 Gould, Dr. Daniel, notice of, 99
 Gregory's (Dr. William) Handbook of Inorganic Chemistry, critical notice of, 410; Handbook of Organic Chemistry, critical notice of, 431
 Gutta serena, new use of, 416
 Hæmaturia, from enlarged prostate, 336
 Hæmorrhagic diathesis, 447
 Hæmorrhage, ergot and digitalis in, 88; during pregnancy, 483
 Hair dyes, profit from the sale of, 68
 Harrison's peristaltic lozenges, 107
 Hatch, Dr. H. Etherization in nervous or vital shock, 140
 Hayward, Dr. Joshua H., notice of, 395
 Headache, Punch on, 132
 Head, injury to, with hæmia cerebri, 227
 Health of the Southern cities, 88; public, 216; health of operatives in factories, 315, 342
 Heart, rupture of in a dog, 316
 Hereditary influence, 212
 Hernia, ventral, 123; new method for the radical cure of, 194; cerebri, 227
 Hip-joint, amputation at, 536
 Hitchcock, Dr. A. Excision of the elbow-joint, 12
 Hitchcock, Dr. Homer O. Puncture of the intestine in paracentesis, 316
 Hodges, Dr. R. M. Translation of review of Addison on the supra-renal capsules, 133, 158, 178
 Hoffendahl, Dr. C. F. Letter from, 87
 Hollingsworth's (Dr. Samuel L.) Memoir of Moreton Stillé, M. D., critical notice of, 251
 Homœopathy, 325
 Hospital, new, 493
 House or Industry, medical and surgical experiences at, 31
 Hydrocele, cases of, 405; new mode of treating, 88; mode of testing the translucency of, 336
 Hydro-nephrosis, complicated with calculous pyelitis, 89
 Hydrophobia, death from, 68, 172
 Hydrosis, cases of, 477
 Hydrothorax, 349
 Hygiene of dress, 105, 392
 Hysteria, simulating heart disease, 248

- Illinois, diseases and epidemics of, 104 ;
State Medical Society, critical notice of
transactions of, 331
Impalement upon the handle of a pitch-
fork, 387
Infantile therapeutics, 293
Insanity in India, 28
Instrument for inflating the lungs of in-
fants in asphyxia, 162
Intestine, annular stricture of, 448 ; punc-
ture of in pyraentesis, 313
Intestinal disease, case of, 197
Intoxication of the ear, 294
Inunction in the treatment of disease,
434, 435, 494
Iodine, method of detecting instantly in
the urine, 172 ; new solution of, for skin
diseases, 273 ; injections, danger of in
hydrocele, 276
Iritis, non-mercurial treatment of, 49, 60,
92, 100
Iron, new method for estimating in the
urine, 152
Itch, treatment for, 235

Jacobs, Dr. Ferris. Cases of hydrocele, 405
Jalapine, 57
Jamestown (N. Y.) Medical Association,
132
Jane H. Glidden, yellow fever in ship, 148

Kidney, granular disease of, 223, 469 ; dis-
ease of, 266 ; two classes of lesions of,
connected with albuminuria, 502
Knee, transformed bursal tumor of, 80
Kneeland, Dr. Samuel. Surgical notes, 345

Labor, case of in a contracted pelvis, 462
Large family, 416
Larvæ of musca vomitoria from the ear of
a child, 350
Lead colic, 428
Leeches, method for the speedy application
of, 106
Legalizing the study of anatomy in Maine,
513
Letter from New York, 309
Lightning, case of injury by, 443
Lindsay, Dr. H. Inunction in scarlet
fever, 434
Liver, disease of, 59 ; cirrhosis of, 122, 226 ;
traces of fracture of, 165 ; abscess of,
opening into the lung, 525
Livezey, Dr. A. Treatment of scarlatina,
14 ; local applications in the treatment
of erysipelas, 232 ; case of infantile epi-
lepsy, 310 ; convulsions of children, 466
Lobelia inflata, death's from, 393
Lung, inflammation and abscesses in,
caused by closure of the primary bron-
chus, 357, 380
Lyman's (Dr. George H.) History and
Statistics of Ovariectomy, critical notice
of, 208

Mackenzie's (Dr. William) Synopsis of
Lectures on Ophthalmology, critical no-
tice of, 531
Mal-practice, trial for, 515
March, Dr. Alden. Four months in Eu-
rope, 116
Massachusetts Medical Society, Publica-
tions, 192 ; adjourned meeting of, 234
Massachusetts Eye and Ear Infirmary, 396
Mauthner, Prof. on the anæmia of chil-
dren, 257
McLean, Dr. A. S. Foreign body in the
air-passages, 53
Medical Book Clubs, 413
Medical Examiner, notice of, 394
Medical Journals, in the city of N. York,
28 ; in America, 150 ; in Europe, 216
Medical profession in the United States,
Dr. Stewart on, 168
Medical phraseology, terms, &c., 129
Medical schools at the South, 151
Meigs's (Dr. Charles D.) Obstetrics, criti-
cal notice of, 489
Melanosis, case of, 203 ; of the eye, 470
Menstruation, vicarious, 236 ; in old age,
316
Metastasis in mumps, 290
Milk, substitute for, 195
Milk sickness, 273
Miscarriage, case of, with retained placenta,
445
Mistakes in dispensing medicines, 533
Moral treatment of disease, 224
Moschizker's (Dr. A. F.) Guide to Dis-
eases of the Eye, critical notice of, 332
Mother's mind, influence of on the fœtus,
85
Mumps, metastasis in, 290
Murder and the plea of insanity, 472
Myopia, statistics of 276

Naphtha, death from drinking, 256
Near-sightedness, 453
Necrosis, 428
Needles, extraction of from the human
body, 29
Nelken's (Dr. M.) Causes, &c. of Sea-
sickness, critical notice of, 144
Nephritis, with pyelitis and cancer of the
bladder, 311
Nervous affection, case of, 429
Neuralgia, treatment of by valerianate of
ammonia, 293
New Hampshire Medical Society, critical
notice of Transactions of, 430
New Orleans, health of, 216
Newman, Dr. A. Case of death following
delivery, 331
New York, sanitary condition of, 63
New York Ophthalmic Institution, 436
North Carolina Journal of Medicine and
Surgery, 416
Nymphomania, and foreign bodies in the
bladder, 210

- Oily substances, assimilative property of, 196
 Ophthalmoscope and its uses, 173
 Os uteri, antimony in rigidity of, 55
 Out-door amusements, 192
 Ovary, malignant disease of, 350
 Ovarian disease, 477; cysts, new mode of treating, 169; removal of, 365, 395; large size of, 416
 Ovariectomy, 365, 395; attempted, 407
 Ovum containing twin fetuses, 329

 Page, Dr. C. G. Scarlet fever, 141
 Pajot's Obstetric Tables, critical notice of, 371
 Palate, operations for the cure of fissure of, 119, 142
 Palmer, Dr. G. S. Case of miscarriage, with retained placenta, 445
 Palmar arch, wound of, 483
 Paracentesis pericardii, 356; thoracis, 349
 Paris, Dr. John Ayrton, notice of the life of, 523
 Paris, letter from, 246
 Peck, Dr. W. A. Wound of the palmar arch, 483
 Peninsular Journal and Dr. Storer, 43, 149
 Pereira's (Dr. Jonathan) Physician's Prescription Book, critical notice of, 532
 Perinaeum, rupture of, 66; treatment of rupture of, by M. Schuh, 517
 Peritonitis, non-puerperal, 32, 33, 35
 Perry, Dr. Marshall S. Case of the Hon. Charles Sumner, 417
 Pessary, new form of intra-uterine, 293
 Philadelphia, medical schools in, 355
 Phlegmasia dolens, 511
 Phosphate of lime, in fractures, 19, 57
 Phosphorus, purification of amorphous, 78
 Phraseology, medical, 129
 Phthisis, treatment of, 153; in London, 171; contagiousness of, 194
 Phymosis, 441; new mode of operating for, 214
 Physician's Visiting List, notice of, 190; Tabulated Diary, notice of, 191
 Pills, covering with collodion, 476
 Pineo, Dr. P. Letter from New York, 309
 Placenta prævia, 428; with twins, 347, 406
 Pleurisy, with great contraction of the chest, 266
 Poisoning, supposed by copper, 124; from naphtha, 256; by cyanide of potassium, 387; from belladonna plaster, 451; by morphia and belladonna, 468
 Poisonous medicines, 68; means of preventing accidents from, 168
 Polypus uteri, case of, 286; successfully terminated without operation, 276
 Pregnancy, spurious, 291; extensive injury during, 256; hæmorrhage during, 488
 Presbyopia as an element in diagnosis, 516
 Professional reputation, 256
 Prostate gland, enlargement of, 386
 Providence Medical Association, 143
 Providence, mortality of city of, 235, 415
 Puerperal, fever, followed by phlegmasia dolens, 511; mania, 30; peritonitis, 31; convulsions, etherization in, 336, 510
 Purpura hæmorrhagica, 124, 414
 Putnam, Dr. C. G. Removal of the inverted uterus, 109

 Quackery, prohibition of, in Russia, 476

 Rain, amount of at New Orleans in August, 215
 Ranula, treatment of, 376
 Raw pork as an aliment, 497
 Read, Dr. William. Case of labor in a contracted pelvis, without artificial aid, 462; effect of tartrate of antimony in facilitating labor, 505
 Rectum, impaction of, with cherry stones, 316; with currants, 407
 Regurgitation, obstinate case of, relieved by chloroform, 456
 Relief for indigent or disabled physicians, 393
 Resuscitation after submersion, 143
 Reviews of medical books, 292
 Rheumatism, alkaline treatment in, 28
 Ricord's doctrines, 271
 Rickets, cure for, 396
 Root, Dr. Oliver D. Intestinal fistula, opening into the groin, 506
 Routine treatment, 128

 Salvation in pregnancy, 58, 397
 San Francisco, vital statistics and causes of mortality in, 217
 Sawyer, Dr. Albert F. Vital statistics of San Francisco, 217
 Scarlatina, treatment of, 14; account of an epidemic of, 141; belladonna as a prophylactic in, 411; inunction in, 434; glycerine and creosote in, 435
 Scientific Convention at Albany, 86
 Sea-bathing, 416
 Sea-sickness, critical notice of Dr. Nelson's work on, 144
 Seaweed for food, 264
 Sebaceous tumors, 376
 Sequard's (M. Brown) discoveries, 252
 Simpson's (Dr. J. Y.) Obstetric Memoirs and Contributions, critical notice of, 61
 Slade, Dr. D. D. On phymosis, 441; on stricture of the urethra, 483
 Smallpox in Boston, 495
 Smallpox contagion, prolonged vitality of, 262
 Smith, Dr. David P. Operations for the cure of natural fissures of the soft palate, 119

INDEX.

- Smith's (Dr. Henry H.) Treatise on the Practice of Surgery, critical notice of, 369
- Spermatorrhœa, treatment of, 352
- Stomach, obscure affection of, 450; colloid disease of, 166
- Storer, Dr. H. R. Controversy with Dr. Parks, 186
- Stricture of urethra, notes on, 483; annular, of intestine, 448
- Strychnia, camphor an antidote to, 536
- Subclavian artery, ligature of, 522
- Submersion, resuscitation after, 143, 184
- Suffolk District Medical Society, 58, 100, 286, 347
- Sugar, action of on the teeth, 516
- Suicide by antimony, 400
- Sulphate of copper in croup, 414
- Sulphate of iron, as a disinfecting agent, 214
- Sumner, Hon. Charles, case of, 416
- Sun's rays, effect of in consumption, 256
- Supra renal capsules, disease of, 133, 158, 178
- Surgical notes, 345
- Swett, Dr. S. B. Compound comminuted fracture of the elbow-joint, 521
- Tappan's (Dr. Henry P.) Mutual responsibilities of physicians and the community, critical notice of, 62
- Tartrate of antimony, in facilitating labor, 505
- Tattooing, removal of, 216; accidental, 275
- Taylor's (Dr. Alfred S.) Medical Jurisprudence, critical notice of, 147, 189
- Thayer, Dr. W. H. On the treatment of phthisis, 153; his Address to the Graduates of the Vermont Medical College, critical notice of, 126
- Thrill, pulsatory, in a pregnant female, 291
- Thurston, Dr. Horace. Fatal case of flooding, 465
- Tobacco, fatal effects of on a snake, 216
- Tracheo-bronchial croup, in an adult, 9
- Treadwell's (Dr. J. G.) legacy, 64, 106, 170
- Treatment of reported cases, 514
- Trousseau, effects of dentition on nursing children, 15
- Tumor, fibro-plastic, 40; over scapula, 385; transformed bursal, 80; cystic, 470; fibrous, of the uterus, 101; fatty, of the thigh, 297; of the scrotum, 508; encysted, of the fore-arm, 319; nervous erectile, of the fore-arm, 323; removal of ovarian, 395
- United States Marine Hospitals, 495
- Urethra, imperforate, 508; passage of air and feces through, 58
- Uterus, removal of fibrous tumor of, 101; removal of inverted, 109; rupture of, 265; successful removal of, 437
- Uva ursi, in labor, 68
- Vaccination followed by convulsions, 165
- Valerianate of ammonia in neuralgia, 293, 372
- Vegetations, development of on the genital organs during pregnancy, 396
- Venous erectile tumor of the fore-arm, 323
- Ventral hernia, 123
- Vesico-vaginal fistula, successful treatment of, 76
- Visiting list, suggestions concerning, 374
- Volume, new, 25
- Vomiting, case of forty years' duration, 261; uncontrollable, during pregnancy, 291
